

Conduit Elbow

Simply connects conduit coupler that creates a 90° bend (free standing or fixed)

Overview

Used in conjunction with Speedfit barrier pipe and conduit, the conduit elbow allows the conduit protection to be terminated within the 90° bend.

Designed, manufactured and assembled in the UK.

Features & Benefits

- Suitable for use with JG Speedfit PEX and polybutylene barrier pipe (inserts required) and copper pipe
- Suitable for hot and cold water and heating applications
